## Profitability Strategies for North American Metalcasters

For metalcasting executives and owners  
Register: [www.afsinc.org/profit](http://www.afsinc.org/profit)

This seminar is aimed at developing discussion among industry leaders to focus on moving the industry to the future. A team from *MODERN CASTING* magazine and MAGMA Foundry Technologies will provide information about trends in metalcasting and foster discussion with participants regarding their experiences with technology and successes or shortfalls in implementing it within their businesses. We want to learn from you about how to help the industry to continue to move forward.

### Agenda

- 9:30 a.m. **Registration and Continental Breakfast**
- 10:00 a.m. **State of the Industry & Annual Forecast**  
*Al Spada, AFS*
- Review of Survey Results**  
*Christof Heisser, MAGMA*
- 10:30 a.m. **Roundtable Discussions Based on Survey Responses**
- 12 p.m. **Lunch**

## Ensuring Metal Casting Soundness

For engineers, designers and buyers  
Register: [www.afsinc.org/soundness](http://www.afsinc.org/soundness)

Come join *Metal Casting Design & Purchasing* magazine and the MAGMA team of casting engineers for this 4-hour seminar and case study discussion on how to identify, classify and eliminate different porosity defects that occur in both ferrous and nonferrous alloys. Topics will include material on shrinkage porosity (both macro and micro) and gas porosity (including gas entrapped due to a turbulent filling process and gas entrapped from binder gases).

### Agenda

- 11:00 a.m. **Registration**
- 12:00 p.m. **Lunch**
- 1:00 p.m. **What Casting Customers Think of Suppliers**  
*Al Spada, AFS*
- 1:30 p.m. **Roundtable Discussions Based on Survey Responses**
